The Condition of Things.

## TO MARCH ON WASHINGTON

Pennsylvania Veterans to Double  
Their Steps of Years Ago.

They Will Be Feted en Route and  
Jubilant at the Capital and at  
Mount Vernon.

Harrisburg, Pa., April 9.—The First Division of Pennsylvania, an organization composed of the first five companies of troops that reached Washington at the beginning of the civil war, will on Wednesday next set out for Washington over the same route they took thirty-five years ago.

The trip will be a grand one, and the veterans will be met en route by the Logan Guards of Lexington. They will be met by a committee of citizens and escorted to the courthouse, where they will be given a formal welcome and then taken to their headquarters at the Bolton House. Later the veterans will be given a reception at the executive mansion by Gov. and Mrs. Hoadley.

The original five companies were 130 members, but only 130 of them are now alive, and about one hundred are expected to be present on the march.

On Friday they will partake of a planked dinner at Mount Vernon, and on Saturday they will call upon the President. They will return to Harrisburg on Saturday evening.

## NEW TRANS-ATLANTIC LINE.

The American Port Will Be at  
Charleston.

Charleston, S. C., April 9.—Traffic Manager L. A. Emerson announced today that the South Carolina and Georgia Railroad will inaugurate a line of steamships between this city and Europe on the 1st of next September.

The road has recently purchased valuable terminals on the Cooper river waterfront, and they are to be greatly improved. Mr. Emerson states that his company will begin at once to construct a large building at the terminus in a grain elevator, with a capacity of 250,000 bushels, and that it will engage in the exportation, through Charleston, of a large quantity of cotton.

The first ship of the new trans-Atlantic line, which is to be called the Charleston, will, Mr. Emerson says, be at the terminus by the 1st of September, ready to receive her cargo.

## YOUNG WESTINGHOUSE WON.

The Waring Case Withdrawn by the  
Prosecution.

Pittsburg, R. I., April 9.—The trial of the equity suit of R. S. Waring against George Westinghouse, Jr., for the value of 10,000 shares of stock in the Standard Underground Cable Company concluded very abruptly today.

Yesterday Mr. Waring was unable to produce certain correspondence when called upon, to substantiate the allegations of fraud against the defendant.

Today, counsel for the prosecution asked leave to discontinue the case. This the court allowed, requiring Mr. Waring to pay the costs. This winds up the last of the several suits for large amounts which Mr. Waring brought a few years ago.

## WHITE CAP OUTRAGES.

Young Girl Beaten and Tamed and  
Her Grandmother Abused.

Winston, N. C., April 9.—News was received here this evening that whitecaps recently visited the home of Martha Lowry, a sixteen-year-old white girl, in Mount Airy, and after beating her unmercifully added another affliction by covering her with tar. They also abused the girl's grandmother, with whom she lived.

Mrs. Lowry, a widow, lives in a small place in the town of Mount Airy. She is a Quaker, and her husband was a member of the same sect.

Mr. Griffith, a local official, is greatly stirred up over the affair. Griffith and his wife have been tried and found over to the court.

It is said the latter was whipped by whitecaps two years ago. Mitchell has left the county.

## KOREANS MURDER JAPS.

The Fifteen Victims Were a Part of  
an Organized Crusade.

San Francisco, Cal., April 9.—Advices by steamship from Rio de Janeiro report the murder of fifteen Japanese fishermen by Korean rebels. The party of fishermen landed at Ponghul and was attacked by the rebels in overwhelming numbers. Fifteen of the fishermen were killed on the spot. The remainder were badly wounded, and barely escaped by swimming off to their junk.

Associations of Japanese are taking place throughout the Korean provinces. Rumors have been circulated that parties of Russians are traveling throughout the peninsula fanning the anti-Japanese feeling.

Poisoned Boots Killed Them.  
Linwood, Mich., April 9.—Water, aged seven, Lorenzo, aged five, and Grace, aged three years, children of Thomas Hadd, and Celia, aged four, Harry, aged eight, and Arthur, aged seven, were killed by the Stevens, god hold of some wild parsnip roots while playing in the woods yesterday.

Stevens died in a few hours and the other children are in a critical condition.

Jersey Delegates Elected.  
New Brunswick, N. J., April 9.—The Third Congressional District Republican convention today nominated P. Frank Applegate of Monmouth county and John W. Herbert of Middlesex county as delegates to the National Convention at St. Louis. A resolution endorsing McKinley and Hobart was passed upon the table.

## MARYLAND IS ALL YELLOW

Bankers in Convention Adopt Gold  
Standard Resolution.

MR. ECKELS WAS PRESENT

There Was Great Enthusiasm and  
the Cheering Was Led by the  
Old-Lining Bankers in America.

Baltimore, Md., April 9.—The bankers of Maryland today put themselves squarely on record in favor of sound money. In a convention held at the Hotel Hamilton, almost every bank of any size in the State, the following resolution was adopted, without a dissenting voice:

"Resolved, That we are unalterably opposed to the free coinage of silver and to every debasement of our currency. We believe that the true interest of our country will be best served by its rigid adherence to the gold standard of value, the maintenance of which will not only preserve its financial integrity and the future welfare of its citizens, but will insure, through the prompt restoration of confidence, that rapid development of its resources which will eventually place it first among the nations of the earth."

The utmost enthusiasm prevailed when the resolution was adopted. Venerable Elmer Pratt, the oldest living bank president in the State, stepped forward from his seat on the platform and after proposing three cheers and a tiger, led in the enthusiastic demonstration. Approval was marked upon every bank president's or cashier's face as he vociferously cheered the decision.

Another feature of the afternoon session was the speech of Hon. James H. Eckels, comptroller of the currency, who made one of the strongest arguments in favor of sound money ever heard in this city. His statement that "silver metal has passed from the world of commerce as a standard of value and all the laws possible of enactment in the United States cannot restore it," was widely applauded.

## BANKERS' FIRST CONVENTION.

It was the first convention of the Maryland Bankers' Association, organized to represent the interests of the banks and banking institutions. The meeting was called to order by the veteran banker, Mr. J. Thomas Smith, and prayer was offered by Rev. J. B. House, D. D. After Gen. William McKenney, of the Central National Bank, was elected temporary chairman, Mr. C. C. Homer, president of the Second National Bank, and the chairman of the committee on the "Baltimore plan" for a national currency system, which was approved by the American Bankers' Association two years ago, stepped on the platform and proceeded the offering of his expected resolution with a short address.

## OUTBREAK OF ENTHUSIASM.

The reading of the resolution cut loose a burst of enthusiasm. Before it had been read beyond its first sentence, the bankers encouraged such legislation as would remove from the statute books the laws for the purchase by the government of a certain amount of silver each year.

It was intended that Controller Eckels should address the convention before the resolution was read. The speaker was called to the platform by a "question" that the chairman put to him, and with one voice the convention answered "aye." Then it was the turn of the speakers, Mr. Pratt, led the cheers, concluding with a tiger.

Controller Eckels thanked the convention for its very cordial welcome, and briefly sketched the element of good likely to accrue from the formation of the Maryland Bankers' Association.

## CAR SITUATION DISCUSSED.

Amalgamated Association of Philadelphia Postpone Any Agitation.

Philadelphia, April 9.—A meeting of the central committee of the Amalgamated Association was held this afternoon and the street car situation was discussed. The meeting was private and details were refused, but it was indirectly learned that no agitation will be attempted here until the strike of the car men has been abandoned, but will be held in abeyance until President Mahon comes here from New York to assume charge of the campaign.

When Mahon will come is uncertain, but he is not likely to assume the burden of another controversy with the railway officials until some settlement of the trouble in New York is reached.

## Cotton Workers Seek Relief.

Boston, April 9.—The convention of cotton mill spinners was ended today after five sessions. Among the matters acted upon was the appointment of Robert Howard, of Fall River, as an organizer for the Southern States. The delegates were instructed to ask the Congressmen from their various States to urge upon Congress a national law for a shorter working time for women and children in the manufacturing business.

Cleveland Exchanges Dates.  
(Special to The Times.)

Cleveland, O., April 9.—The Cleveland management has made a clever move and all the games at Louisville have been transferred to this city and vice versa. This allows Cleveland to play at home continuously after September 7.

## SIX SEAMEN WERE DROWNED

British Ship Blairmore Capsized in  
San Francisco Bay.

Had Returned from Australia After  
Making the Fastest Trip on Record  
in Fifty-six Days.
